

# BAND KARATE

Band Karate is a progressive assessment system that is designed to do 3 things:

- Provide students with individual feedback.
- Allow students to work at a pace that is appropriate for them.
- Ensure students are making the continuous effort required to progress on an instrument.

## PROCEDURES

To earn their weekly assessment grade students must have the following done by midnight on Thursday of each week:

**1** Earned a Karate Belt  
(received feedback via email from a Director that states they have earned the belt)

OR

**2** Submitted 2 attempts on MakeMusic Cloud towards a Belt

 Karate Belts are progressive and cannot be skipped. If students do not earn a belt in one week, they should continue to work on that belt until it has been earned.

 Feedback is provided every day via MakeMusic Cloud. Students should check their feedback before submitting any additional attempts.

 All students need to record using their camera for every submission.

## FAQ'S

What if I didn't receive any feedback?

Double-check MakeMusic Cloud and if you cannot still find it - email a band director

What if I did NOT earn a belt this week?

Keep trying for this belt! Use your feedback & keep making attempts towards this belt until you earn it. Don't skip it!

What if I don't have a device for MakeMusic Cloud?

Contact the band directors. We have a limited number of school iPad's available for check out.
